### NEW YORK GETS HEDDERWARD GO

New York, Dec. 12.—Magnates of both the major baseball leagues will meet here this week. Their gathering will be preceded on Monday by the meeting of the National Baseball commission. The election of officers of the National league and a promised revival of the umpire bribing scandal that followed the final New York-Chicago National game a year ago, are objects of the greatest interest in connection with these events.

The national commission will meet first to decide on the case of Pitcher Toney, now on the Cincinnati reserve list, but claimed by the Springfield club of the Three I league.

On Tuesday the National league will have its annual meeting, and on Wednesday the American league will have its first session.

Many club owners, managers, players and umpires are here. National league magnates say their meetings will be harmonious, but their statements do not coincide with opinions of others.

### FRENCH AVIATOR IS INJURED AGAIN

Bleriot Sails; Collides With a House and Winds Up in Hospital.

Constantinople, Dec. 12.—M. Bleriot, the French aviator, whose flight across the English channel was one of the most remarkable achievements of the year, and who has had more narrow escapes from death than any one aviator, fell with another serious accident here today. He was giving an exhibition in the presence of a numerous crowd when his aeroplane collided with a house. The force of the impact turned the machine completely over, and Bleriot fell to the ground. He was injured on the left side and, it is feared, internally hurt. His machine was wrecked.

Bleriot was using an aeroplane of the cross-channel type, did not wish to disappoint the crowd that had gathered to watch his exhibition, although a strong wind was blowing. No sooner had he ascended than he was carried away by the wind a mile and a half. He endeavored to tack and return, but was unable to rise above the roofs of the houses. His machine was driven against a wall and overturned, falling 25 feet.

Bleriot remained in his seat and was caught in the wreckage. He was taken out by a crowd of men, but he complained of a severe internal pain. Mrs. Bleriot hastened to his assistance and had him conveyed to the French hospital, where physicians found that he had been severely injured in the abdomen. His wife reassured the crowds that besieged the hospital. She reported the condition of her husband to be fairly satisfactory, but said that nothing definite could be learned until tomorrow.

### B. Y. C. SHOWS POOR FORM AGAINST DAHO TEAM

(Special to The Herald-Republican.) Logan, Dec. 12.—The B. Y. C. basketball team had its first game of the season Saturday, when it met the team representing the Onondaga State academy in the college gymnasium, and was won by the home team, 21 to 18.

It was a very poor contest, rough and ragged, and while the B. Y. C. got the game, it was more through luck than anything else, as the visiting team showed the better team work. Nearly fifty fouls were called, but the men throwing the foul line were wild, hence the small size of the score. In the first half the home team gained three points on the visitors, the score being 13 to 10, and in the last half each team scored eight points. The B. Y. C. team will have to show a great improvement in form if it gets anything in the state league this year. For it will be badly outclassed. The teams lined up as follows:

Onondaga.....L. F. Anderson, C. Packer, R. F. Hill, G. C. Hill, L. G. Van Orden, Neely, R. G. Watkins, Halverston, M. J. Peterson, L. E. Peterson, Preston, Timekeeper, Harry Stoney.

### AVIATORS ARE COMING

Bleriot Machines Will Contest at the Great Meet in Los Angeles in January.

Paris, Dec. 12.—Louis Paulhan, French aviator, accompanied by his wife, two pilots, Mason and Misarol, who recently distinguished themselves at Pau, and four mechanics, will sail for the United States on December 18, with two Bleriot cross-channel machines and two of the latest type of land machines.

Edward Cleary, who is managing the aerial combination, announces that the party will leave New York by special train for Los Angeles on January 2, and will arrive the day before the opening of the aviation meeting, which will continue from January 10 to 20.

After participating in the meeting, the combination expects to give exhibitions at San Antonio, San Francisco, New Orleans, Birmingham, Atlanta and a few northern cities. A tour of Japan, China and India then will be made.

### TO PROMOTE FOOTBALL.

Los Angeles, Dec. 12.—Representatives of all the schools and colleges in southern California that play the American game of football held a meeting Saturday night at the Los Angeles Athletic club. The purpose of this meeting was to form an organization that would concentrate its efforts in perpetuating the American game in this section. After considerable discussion an organization was effected, and Professor J. Wilson, of Pasadena High school, was elected president, and Haines, a graduate of the Chicago university, was made secretary and treasurer.

### FACTS AND FIGURES REGARDING NEW COMET

Princeton, N. J., Dec. 12.—Fifty-six million miles away from the earth, 145,000,000 miles from the sun, and more than three times as large as the earth in diameter, these are facts that have been determined by Zaccarias Daniel, 1908, a graduate student of Princeton university, the new comet discovered on December 6.

### SIX-HOUR AUTO RACE AT LOS ANGELES FURNISHES USUAL SPORT.

Los Angeles, Dec. 12.—In the six-hour automobile race at Ascot park today, which was marred by numerous accidents to cars and serious injuries to two participants, the Stearns, driven by Soules, won, the distance made being 233 miles.

This establishes a new coast record for six hours, the former record of 267 miles having been made by a Kissel car at Ascot park last May. The Pullman, driven by George Kussman, was second, with 21 miles, and the Buick, third, with 20 miles. The Buick led until the sixth hour, when it withdrew on account of a breakdown.

In the fifty-second mile the Apperson Jack Rabbit, with Harris Hanshue at the wheel, turned over three times on a slushy road, smashing the motor, but neither Hanshue nor his mechanic were injured.

The Cadillac overturned at the same spot a few minutes later. The mechanic was slightly injured.

The Sunset was the next to go over, and the race in none the best of condition and when an opportunity came for his partner, Clarke, to hook up with a good man like Rutter, he did not do it.

The big surprise here, and a disappointment, too, was the poor position won by Demara and Lawson. Vagars were many that they would get third or better.

Reports have reached the city that Demara, the late Leonard McLaren, failed to do half the work of the team, and kept Lawson on much more than half the time. From the showing made by Hill, Demara's partner last spring, when Demara made his reputation as a six-day rider, it looks as if Hill is much the better man of the two.

### AMERICAN LEAGUE MAN OPPOSED TO JOHN WARD

Big Guns Leave for New York—Cantillon to Insist Upon an Investigation.

Chicago, Dec. 12.—Ban B. Johnson, president of the American baseball league; Charles Comiskey, president of the Chicago Americans, and Joe Cantillon, former manager of the Washington Americans, left today to attend the baseball meetings at New York.

Before his departure Johnson said that he was unqualifiedly opposed to the election of John M. Ward as president of the National league that he would do everything he could to prevent it.

Johnson said he would make a fight for vilification at the American league meeting. Cantillon declared that he was not a traitor to the league and that he would make a fight for his rights. He added that he would insist upon an investigation of charges of signal tipping made against the New York Americans by the Washington team last summer.

He pointed out to the end of basketball as a secondary sport at the state school.

### CORNELL FACULTY SAYS RULES MUST BE CHANGED

Ithaca, N. Y., Dec. 12.—The Cornell university faculty yesterday adopted a resolution in favor of reform in football. The resolution says:

"With a view of securing greater safety of life and limb and of the standards of honor and fair play, it is the instant opinion of this faculty that the continuation of the game as at present played by graduates depends upon an effective revision and reinforcement of the rules regulating the game."

### THREE-MAN BOWLING LEAGUE TO BE STARTED

A meeting of local bowlers will be held tonight at the Bismarck alleys for the purpose of forming a three-man league. The league will consist of bowlers of old-timers at the game are beginning to show up in good numbers. The play up this time has been very good.

### WHAT ROLLER SAYS.

"When Jeffries met Tom Sharkey several years ago he was aggressive," says Dr. Roller, the famous athlete. "He was a great defensive fighter, and he was content to rest on his laurels in that respect. The man who lives a great life does not rest on his laurels. He does not hurt him, and he did not go after the latter. Had he cut loose and gone after Sharkey he could have finished him in three rounds. Instead of winning out on points in twenty-five rounds. He is a different kind of fighter now. He is willing to carry the fight to any man he meets, and I do not think the man who lives a great life does not hurt him when Jeff gets after him good and strong. From the tap of the going Jeff will go after him. The latter will have to be mighty fast to keep out of trouble. The public will see a different Jeffries from the one I saw fight Sharkey, Corbett and Fitzsimmons."

### WHAT JEFF SAYS.

"I will lick Jack Johnson and I will lick him quick. I don't intend to stall when I meet him in the ring some time early next summer. I don't say this just for the sake of making a statement, but because it's the Gospel truth. Johnson never saw the day he could light me. He has been a fairly good fighter. I admit that he may have been able to beat some good men who were anywhere from twenty to forty pounds lighter than he, but just wait until he gets into the ring with a man who is twenty pounds heavier than he is and a man who has beaten better men than Johnson ever dreamt of being. That's why I say I am going to beat Jack Johnson, and going to beat him quick."

### WELCOME TO THE MONEY!

Local Riders Who Have Been There Say Six-Day Contests Earn Their Pay.

"They are welcome to all they got; they certainly earned it," is the way Hardy Downing, Ed Palmer and Steve Senhouse, all veterans of the New York six-day race, look about their fellow riders who are now just beginning to live again after the "big sleep."

The three riders named, like all others who have taken part in the big race, say that the purse money is all too small. With the guarantees added, which on the average will give each rider that takes part in the race around \$300, the prize is still too small, they say. Training and the expenses of the riders are very heavy. As a money-maker for the promoters, the six-day race is one of the best sporting investments in the country.

Salt Lake fans are smiling at the wise old head, "Fanny" MacFarland. He entered the race in none the best of condition and when an opportunity came for his partner, Clarke, to hook up with a good man like Rutter, he did not do it.

The big surprise here, and a disappointment, too, was the poor position won by Demara and Lawson. Vagars were many that they would get third or better.

Reports have reached the city that Demara, the late Leonard McLaren, failed to do half the work of the team, and kept Lawson on much more than half the time. From the showing made by Hill, Demara's partner last spring, when Demara made his reputation as a six-day rider, it looks as if Hill is much the better man of the two.

### NAY QUARTERBACK IS STEADILY IMPROVING

Washington, D. C., Dec. 12.—Wes B. Wilson of Covington, Ky., father of Cadet Earl Wilson, quarterback of the navy football team, who was seriously injured in a game with Villa Nova some weeks ago, was in the city yesterday. Mr. Wilson has been at his post, and he brings the very encouraging news that the young athlete is rapidly improving.

Young Wilson is now able to sit up, and has the use of his arms, and the attending surgeons are of the opinion that he will eventually be as good physically as ever before.

"The improvement in my son's condition has been gradual, but when we saw his lungs did not work voluntarily, but were kept in action by the muscles of his diaphragm. Now he is breathing with his lungs. The use of his arms and neck are gradually coming back. In fact, the improvement is on a downward course, and we have hopes that in time he will be able to use his legs."

The operation which was performed was successful in every way. It seems that the fifth vertebra was fractured, and the crushed portion was removed. Since then my son's improvement has been marked, and we are assured that he will in due time be as good as ever. But none of my boys will ever be allowed to play football again."

Earl Wilson was the star athlete at Annapolis, leading in baseball, basketball and boxing, and but for the accident in football would have been the star of his team.

### GOTCH SAYS ZBYSCO LACKS CLEVERNESS

New York, Dec. 12.—Champion wrestler, Frank Gotch, is confident that when he meets Zbyesco again he will defeat the nonorous Pole. In fact, he is sure he is the better man of the two. He tackled Zbyesco in Buffalo, and tried to throw the Pole twice in an hour. He admits that he was mistaken in his idea that the Pole was just like a good many other foreign wrestlers who have come to this country with the reputation of being wondrous and then exploded.

"He weighs sixty pounds more than I do," says Gotch, "and is very strong. At that, I was on top of him for fifty minutes of the hour, and when he did try to throw me he did not show that he knew many of the tricks of the game. I don't think he knows much about the finer points of wrestling. To tell the truth, I do not think he is as good as Hackenschmidt."

### AMERICAN LEAGUE AVERAGES.

Chicago, Dec. 12.—George Mullin of the Detroit champions was the leading pitcher in the American league last season according to the official pitching and fielding averages issued by President B. B. Johnson here today. Mullin's record was 23 games won and 8 lost for a percentage of .734. He was 62 points ahead of Cicotte of Boston, who had a record of 15 games won and 5 lost for .722. Another Detroit pitcher—Willett—finished third with 22 won and 9 lost for .709. Krause, the early season sensation of Philadelphia, was tied for fourth with his teammate, Bender, at .692, with 15 won and 5 lost. The team fielding with Chicago, which finished fourth in the pennant race, led the Detroit champions third. New York made the greatest number of errors, having 231 charged against them.
